towards the Product Consumer.

This certificate does not limit or exclude the legal rights guaranteed by the European Norms 99/44/CE.

Fhiaba Srl declare e guarantee that the appliance has been manufactured according to the international rules regulating this matter, using high quality materials and highly innovative construction methods, and that the same has been carefully tested and proofed by the factory quality department.

Validity and Duration of the Warranty

- The warranty is automatically activated starting from the appliance delivery date and has a duration of 24 months.
- The appliance is guaranteed against all faults stemming from the manufacturing process which may occur within 24 months from the date the appliance has been delivered to the consumer.
- Furthermore, for all consumers registering within one month from the purchase date, the warranty is extended free of charge of further 36 months to cover the following parts of the cooling system: compressor, condenser, evaporator, filter-dryer and all associated tubing.
- The warranty will be valid and effective only upon presentation of the document stating the delivery date of the appliance, and more specifically of the relevant invoice, proof of purchase, or equivalent document showing the name of the seller, the delivery date and the identification data of the appliance.
- After 24 months from the delivery date, the 36 months (vital parts) warranty extension confirmation received by Fhiaba Srl upon registration should be presented.

During the first 24 months, should a fault occur to the appliance which could be traced back to defective factory materials or poor workmanship, Fhiaba Srl pledge to carry out the repair of the appliance through their Fhiaba Authorized Service by repairing or replacing the defective parts, at no cost (labour, spares, transport) for the Consumer.

Fhiaba srl reserve at any rate their right to evaluate the opportunity to repair the appliance or, at their discretion, replace it with a Fhiaba product having the same functionality and at no charge to the Consumer.

Conditions
